Key Grammar Topics Covered

The scope of grammar topics in Longman English grammar practice for intermediate students is broad, covering essential areas that form the foundation for advanced language skills. These topics are carefully selected to reflect the grammatical structures most frequently used in everyday communication and academic contexts.

Tenses and Verb Forms

This section addresses the correct use of various verb tenses including present simple, past simple, present perfect, past perfect, and future forms. It explains when and how to use each tense, highlighting common mistakes and exceptions.

Modals and Auxiliary Verbs

Intermediate learners practice modal verbs such as can, could, should, must, and might, focusing on expressing ability, permission, obligation, and probability. Auxiliary verbs and their role in question formation and negatives are also covered.

Sentence Structure and Word Order

Understanding sentence components and their arrangement is crucial. This topic includes exercises on subject-verb agreement, the placement of adverbs, and complex sentence formation involving clauses and conjunctions.

Articles, Prepositions, and Determiners

Students learn the correct use of definite and indefinite articles, a wide range of prepositions, and determiners to improve sentence accuracy and fluency. Emphasis is placed on common prepositional phrases and their meanings.

Reported Speech and Passive Voice

These grammar areas are essential for advanced communication. Longman grammar practice introduces the rules and uses of reported speech and passive constructions with practical examples and exercises.

Conditionals and Question Forms

Conditional sentences (zero, first, second, and third conditionals) and various question types (yes/no, wh- questions, tag questions) are included to enhance students' ability to express hypothetical situations and inquire effectively.

Types of Exercises and Practice Activities

Longman English grammar practice for intermediate students incorporates diverse exercise formats to cater to different learning styles and reinforce grammar skills. This variety keeps learners engaged and supports comprehensive practice.

Fill-in-the-Blank Exercises

These exercises require students to complete sentences by selecting or writing the correct grammar form, helping to solidify understanding of verb tenses, prepositions, and articles.

Multiple Choice Questions

Multiple choice activities challenge students to choose the best grammatical option, promoting critical thinking and attention to detail.

Sentence Transformation and Rewriting

Students practice altering sentences without changing their meaning, such as converting active to passive voice or direct to reported speech, enhancing flexibility in language use.

Error Correction

This activity involves identifying and correcting mistakes in given sentences, which sharpens editing skills and deepens understanding of grammar rules.

Gap-Fill and Cloze Tests

These comprehensive exercises simulate real-world usage by requiring learners to fill in multiple missing words or grammar forms within a passage.

Matching and Ordering Exercises

Matching sentence halves or ordering words to form correct sentences develops comprehension and structural awareness.
