Duffy's love poems are not merely romantic; they encapsulate a wide range of emotions and experiences. Thematically, her poetry can be organized into several key areas:

1. The Complexity of Love

Duffy's exploration of love is multifaceted, acknowledging its complexity and contradictions. She often portrays love not just as a joyous experience but also as a source of pain, longing, and heartbreak. In poems such as "Valentine," Duffy subverts traditional love imagery by presenting an onion as a metaphor for love, emphasizing its layers and the potential for both beauty and discomfort.

2. The Passage of Time

Many of Duffy's love poems reflect on the passage of time and its impact on relationships. In "The World's Wife," for instance, she gives voice to the wives of famous historical figures, revealing how their lives have been shaped by the love and loss associated with their partners. This retrospective approach allows for a deeper understanding of how love evolves and changes over time.

3. Gender and Identity

Duffy often challenges traditional gender roles in her love poetry, exploring themes of female desire and identity. In "Mrs. Aesop," she examines the dynamic between love and fidelity, showcasing a woman's perspective that contrasts with the stereotypical male narrative. Duffy's love poems often experiment with form and structure. While some poems are tightly structured, others are more free-flowing, reflecting the chaotic nature of love itself.
