Setting Up Your Muji Rice Cooker

Setting up your Muji rice cooker is straightforward. Follow these steps to ensure proper functioning:

Unboxing and Initial Setup

1. Carefully remove the rice cooker and all its components from the box.

2. Check for the following items:

- Rice cooker body
- Non-stick inner pot
- Measuring cup
- Rice spatula
- User manual

3. Place the rice cooker on a stable, flat surface away from heat sources.

4. Plug the power cord into a wall outlet.

Preparing the Inner Pot

Before using your rice cooker for the first time, it is advisable to wash the inner pot:

1. Remove the inner pot from the rice cooker.
2. Wash it with warm soapy water and a soft sponge.
3. Rinse thoroughly and dry completely before placing it back in the cooker.

How to Use the Muji Rice Cooker

Using the Muji rice cooker is a simple process that involves measuring your rice, adding water, and selecting the appropriate cooking setting.

Step-by-Step Cooking Instructions

1. Measure the Rice: Use the included measuring cup to determine the amount of rice you need. A standard serving is approximately one cup of uncooked rice per person.
2. Rinse the Rice: Rinse the rice under cold water until the water runs clear. This removes excess starch and prevents the rice from becoming too sticky.
3. Add Water: For most types of rice, the water-to-rice ratio is usually 1:1. However, for brown rice or other grains, you may need to adjust the water level. Refer to the rice cooker manual for specific ratios.
4. Select the Cooking Mode: Press the appropriate button on the control panel to choose your desired cooking mode based on the type of rice you are preparing.
5. Start Cooking: Press the start button, and the cooker will begin the cooking process. The LCD display will show the cooking time.
6. Let it Rest: Once the rice is cooked, allow it to rest for about 10-15 minutes in the keep warm mode before serving. This step helps improve the texture.

Maintenance and Care

Proper maintenance of your Muji rice cooker will ensure its longevity and optimal performance.

Cleaning the Rice Cooker

1. **Unplug the Cooker:** Always unplug the rice cooker before cleaning.
2. **Clean the Inner Pot:** Use warm soapy water and a soft sponge to clean the inner pot. Avoid using abrasive cleaners that could damage the non-stick surface.
3. **Wipe Down the Exterior:** Use a damp cloth to wipe the exterior of the cooker.
4. **Check the Steam Vent:** Regularly inspect and clean the steam vent to prevent clogging.

Storage Tips

- Allow the rice cooker to cool completely before storing.
- Store the rice cooker in a dry place to prevent moisture buildup.
- Keep the lid slightly open when storing to allow airflow.

Troubleshooting Common Issues

Even with careful use, you may encounter problems while operating your Muji rice cooker. Here are some common issues and their solutions:

Rice is Undercooked

- Check the water-to-rice ratio. You may need to add more water based on the type of rice.
- Ensure that the cooker is set to the correct cooking mode.
