How to Use the Oral B IO

Using the Oral B IO is straightforward, but to get the most out of your device, follow these steps:

1. Setting Up Your Toothbrush

- Charge your Oral B IO fully before the first use.
- Download the Oral B app for additional features and guidance.

2. Selecting Your Cleaning Mode

- Choose the appropriate mode based on your oral care needs:
- Daily Clean: For everyday brushing.
- Gum Care: For gentle cleaning focused on gum health.
- Sensitive: For those with sensitive teeth or gums.
- Whitening: To help remove surface stains.

3. Brushing Technique

- Place a pea-sized amount of toothpaste on the brush head.
- Position the brush at a 45-degree angle to your gums.
- Gently move the brush back and forth in short (tooth-wide) strokes.

4. Following the Timer

- The Oral B IO has a built-in timer that signals every 30 seconds to encourage you to switch quadrants of your mouth.
- Aim for a total brushing time of two minutes.

5. Cleaning the Brush Head

- After brushing, rinse the brush head under water to remove toothpaste and debris.
- Store it in a dry place.

Maintenance Tips for the Oral B IO

To extend the lifespan of your Oral B IO and ensure optimal performance, consider the following maintenance tips:

1. Replace Brush Heads Regularly

- Change the brush head every 3 months or sooner if the bristles become frayed.
- Some models come with a replacement indicator to remind you.

2. Clean the Toothbrush Handle

- Wipe down the handle with a damp cloth regularly to keep it clean and hygienic.

3. Store Properly

- Avoid storing the toothbrush in a damp environment, as this can promote the growth of bacteria.
- Use a holder that allows the brush head to dry properly.

4. Charge Wisely

- While the battery lasts long, avoid letting it completely die before recharging.
- Use the charging station that comes with the toothbrush for best results.

Troubleshooting Common Issues

Even with its advanced technology, users may encounter some common issues with the Oral B IO. Here are some troubleshooting tips:

1. Toothbrush Won't Turn On

- Ensure it is charged. If not, plug it in and let it charge for at least 10 minutes.
- Check the power outlet to ensure it is functioning.

2. Brushing Timer Not Working

- Make sure the toothbrush is turned on properly.
- Reset the toothbrush by turning it off and back on.

3. Bluetooth Connectivity Issues

- Ensure your smartphone is compatible with the Oral B app.
- Turn Bluetooth off and back on, then try reconnecting.

4. Poor Cleaning Performance

- Check the brush head for wear and replace if necessary.
- Ensure you are using the correct cleaning mode for your needs.
