

piano chords my heart will go on

Piano chords my heart will go on are an essential part of music education for many aspiring pianists. The song, famously performed by Celine Dion for the movie "Titanic," has captured the hearts of millions. It combines emotional depth with a beautiful melody, making it a favorite for both beginner and advanced players. This article will explore the piano chords used in "My Heart Will Go On," provide tips for playing them, and discuss the song's impact on popular culture.

Understanding the Song's Structure

"My Heart Will Go On" is structured in a way that showcases its emotional appeal through progression and dynamics. The song can be divided into several sections:

1. Verse
2. Chorus
3. Bridge
4. Outro

Each of these sections utilizes different chords and rhythms, which contribute to the overall emotional impact of the piece.

Verse Chords

The verse begins softly, setting a reflective tone. The primary chords used in the verse are:

- E Major
- C minor
- G minor
- A Major

These chords create a warm, inviting atmosphere. Here's how you can play them:

1. E Major: E, G, B
2. C minor: C, E, G
3. G minor: G, B, D
4. A Major: A, C, E

The chord progression in the verse often follows a pattern such as E - Cm - Gm - A. This progression helps establish a melancholic yet hopeful tone, which is a hallmark of the song.

Chorus Chords

The chorus of "My Heart Will Go On" elevates the emotional intensity of the piece. The chords used here are:

- F major
- D minor
- B Major
- C Major

When played, these chords evoke a sense of longing and passion. Here's a breakdown of how to play them:

1. F Major: F, A, C
2. D minor: D, F, A
3. B Major: B, D, F
4. C Major: C, E, G

The progression for the chorus typically follows F - Dm - B - C. This sequence creates a soaring quality that complements the lyrical theme of enduring love.

Bridge and Outro Chords

The bridge provides a contrast to the verses and chorus, often leading to a climactic moment in the song. The chords here can include:

- E Major
- C minor
- A Major
- B Major

This combination helps to build tension before returning to the final chorus. The outro often mirrors the verse chords, creating a sense of closure.
