- **Online Play:** If you plan on using cheats in online battles or trades, be aware that many communities have strict policies against cheating, which could lead to bans or restrictions.

Alternative Methods to Learn Moves

If you'd prefer to avoid cheats while still enhancing your Pokémon's move sets, consider these alternative methods:

Breeding

Breeding Pokémon can result in offspring inheriting moves from their parents. By carefully selecting parent Pokémon, you can create a Pokémon with a desirable move set.

Move Tutors

In Pokémon Fire Red, there are move tutors located in various locations. These tutors can teach specific moves to your Pokémon without the need for cheats.

TMs and HMs
