Mapping the Cave

Creating your own map or using an online map can help you navigate the intricate layout of the cave. Take note of key locations, such as item pickups and teleportation pads.

Capturing Mewtwo

Battle Preparation

1. Status Moves: Use Pokémon with moves that induce sleep or paralysis to increase your chances of capture.

3. High-Level Pokémon: Ensure you have a strong team to withstand Mewtwo's attacks while you attempt to catch it.
