The Arrival of the Pea

One fateful evening, a mysterious traveler arrives in Porcineville. She is a wise old witch named Madame Peapod, known for her magical abilities and her penchant for testing the sensitivity of princesses. Madame Peapod brings with her a single, enchanted pea, capable of revealing the true nature of anyone who claims royal lineage.

The Test of Sensitivity

Madame Peapod declares that she will conduct a test to determine if Pigtoria is indeed a true princess. The test is simple yet profound: Pigtoria must sleep on a stack of twenty mattresses, with the enchanted pea hidden beneath the bottom one. If she is truly a princess, she will feel the pea's presence through all the layers.

- The Challenge: Pigtoria is excited yet anxious about the test. She knows her reputation is on the line, and she is determined to prove herself.
- Preparing for Bed: The servants of the castle help set up the mattresses, creating a tower that seems to reach the ceiling. They add pillows and blankets, making it the coziest bed imaginable.

The Night of the Test

As the night falls, Pigtoria climbs into her lofty bed, surrounded by the plushiest of pillows. She tries to relax, but her mind races with thoughts of the test ahead. Would she be able to feel the pea? Would she be deemed a true princess?

The Struggle for Sleep

Despite the comfort of her extravagant bed, Pigtoria tosses and turns. The anticipation of the test weighs heavily on her, and she finds it difficult to sleep.

- Thoughts of Doubt: “What if I fail?” she whispers to herself, her heart racing.
- Dreams of Adventure: As she closes her eyes, she dreams of far-off lands and magical creatures, distracting her from the pea beneath her.

The Revelation

Morning dawns, and Pigtoria awakens feeling more worn out than when she went to bed. As she stretches and sits up, Madame Peapod eagerly awaits her response.

The Result of the Test

Pigtoria, rubbing her sleepy eyes, admits that she had a restless night. She explains that she felt something hard and uncomfortable under her, but she couldn't quite identify it.

- Madame Peapod's Reaction: With a knowing smile, Madame Peapod reveals the enchanted pea. “Only a true princess could feel the presence of this tiny pea through twenty layers of mattresses,” she exclaims.
- Pigtoria's Realization: Filled with joy and relief, Pigtoria realizes that her sensitivity is not just physical but also emotional. She has always cared deeply for others, and that compassion defines her true royal nature.

The Aftermath of the Test

With the test successfully passed, Pigtoria gains newfound confidence in her identity as a princess. The kingdom celebrates her achievement, and Madame Peapod becomes a cherished friend and mentor.
