Assembly Instructions

Assembling the Real Living 54 Inch Fireplace Console may seem daunting, but with the right tools and instructions, it can be straightforward. Below are the step-by-step instructions to help you through the process.

Tools Required

Before starting the assembly, gather the following tools:

- Phillips screwdriver
- Hammer (optional)
- Level (optional)
- Safety goggles (recommended)

Assembly Steps

1. Unpack the Console:

- Carefully open the box and remove all components.
- Check the inventory list included in the manual to ensure all pieces are present.
- Lay all parts on a soft surface to avoid scratches.

2. Identify All Parts:

- Identify the main body, shelves, back panel, fireplace insert, and any other components.
- Use the instruction manual to match each part with the accompanying labels.

3. Attach the Back Panel:

- Align the back panel with the main body of the console.
- Secure the back panel using screws provided in the hardware pack.
- Ensure it is flush with the edges of the main body.

4. Install the Shelves:

- Decide on the height placement of the shelves based on your preference.
- Insert the shelf pins into the designated holes on the side panels.
- Place the shelves onto the pins, ensuring they are stable.

5. Install the Fireplace Insert:

- Slide the fireplace insert into the designated opening at the center.
- Make sure it fits snugly and is properly aligned.

6. Attach the Front Trim:

- If applicable, attach the front trim pieces to cover the seams between the insert and the console body.
- Use screws or clips, depending on the design.

7. Secure the Console:

- If the console includes an anti-tip bracket, secure it to the wall for added safety.
- Follow the instructions for the bracket installation to ensure proper stability.

8. Final Checks:

- Go through each connection and ensure everything is tightened and secure.
- Use a level to check that the console is even on the floor.

Connecting the Power

1. Locate the Power Cord:
 - Find the power cord at the back of the fireplace insert.
 - Ensure that the cord is long enough to reach an electrical outlet.
2. Plug into an Outlet:
 - Plug the console into a grounded electrical outlet.
 - Avoid using extension cords for safety reasons.

Operating the Fireplace Console

Once your Real Living 54 Inch Fireplace Console is assembled, it's time to learn how to operate it effectively.

Using the Remote Control

1. Power On/Off:
 - Use the power button on the remote to turn the console on or off.
2. Adjust Flame Settings:
 - Use the flame button to adjust the intensity of the flame effect.
3. Set Heat Levels:
 - Use the heat buttons to select your desired heating level (low, medium, high).
4. Timer Function:
 - Set a timer if your console has this feature to automatically turn off after a specified duration.

Manual Controls

- Some models may have manual controls on the console itself in addition to the remote.
- Familiarize yourself with these buttons for instances when the remote is unavailable.

Maintenance Tips

To keep your Real Living 54 Inch Fireplace Console in optimal condition, follow these maintenance tips:

1. Regular Cleaning:
 - Dust the surface and shelves regularly with a soft cloth.
 - Clean the fireplace insert with a damp cloth to prevent buildup.
2. Check for Damage:
 - Periodically inspect the console for any signs of wear or damage.
 - Address any issues promptly to ensure safety.
3. Replace Bulbs:
 - If the flame effect dims or stops working, check the LED bulbs and replace them if necessary.
4. Store Properly:
 - If you plan to move the console, disassemble it carefully to prevent damage to the components.

Safety Considerations

When using the Real Living 54 Inch Fireplace Console, safety should be a top priority. Consider the following precautions:
