- 1 tablespoon lemon juice
- 1/2 teaspoon cinnamon (optional)

For the Topping

- 1/2 cup chopped nuts (walnuts or almonds work well)
- 1/4 cup shredded coconut (optional)

Preparation Steps

Now that you have gathered all your ingredients, it's time to prepare the apricot bars. Follow these steps for a scrumptious treat:

Step 1: Prepare the Crust

1. Preheat your oven to 350°F (175°C).
2. In a large mixing bowl, combine the all-purpose flour, rolled oats, brown sugar, melted butter, salt, and baking powder.
3. Mix the ingredients until they form a crumbly texture.
4. Press the mixture firmly into the bottom of a greased 9x9-inch baking dish to create an even layer for the crust.

Step 2: Make the Apricot Filling

1. In a medium saucepan, combine the chopped dried apricots, granulated sugar, water, vanilla extract, lemon juice, and cinnamon (if using).
2. Bring the mixture to a boil over medium heat, then reduce the heat and let it simmer for about 10-15 minutes, or until the apricots soften and the mixture thickens.
3. Remove the saucepan from heat and allow the filling to cool slightly.

Step 3: Assemble the Bars

1. Pour the apricot filling evenly over the crust in the baking dish.
2. Sprinkle the chopped nuts and shredded coconut over the filling for added texture and flavor.
3. Crumble the remaining crust mixture on top of the apricot filling to create a topping layer.

Step 4: Bake

1. Place the baking dish in the preheated oven and bake for 25-30 minutes, or until the topping is golden brown and the filling is bubbly.
2. Once baked, remove from the oven and allow the bars to cool in the baking dish for at least 30 minutes.

Step 5: Cut and Serve

1. Once cooled, cut the apricot bars into squares or rectangles.
2. Serve them warm or at room temperature. You can also dust them with powdered sugar for an extra touch of sweetness.
