- Thyme
- Rosemary
- Oregano
- Basil
- Marjoram
- Lavender  
(optional, but adds a unique floral note)

This aromatic mix is known for its ability to enhance the natural flavors of meats, vegetables, and even baked goods. When used with chicken, it creates an irresistible dish that captures the essence of French cuisine.

## Ingredients for Herbs de Provence Chicken

To prepare a delicious Herbs de Provence chicken, you will need the following ingredients:

- 4 chicken thighs (bone-in, skin-on for best flavor)
- 2 tablespoons olive oil
- 2 teaspoons Herbs de Provence

- 4 cloves garlic (minced)
- 1 lemon (zested and juiced)
- Salt and pepper to taste
- Fresh parsley (for garnish)

These ingredients combine to create a flavorful and juicy chicken dish that is sure to please any palate.

## Preparation Steps

Follow these detailed steps to create a mouthwatering Herbs de Provence chicken:

### Step 1: Marinate the Chicken

1. In a large bowl, combine the olive oil, Herbs de Provence, minced garlic, lemon zest, lemon juice, salt, and pepper.
2. Add the chicken thighs to the bowl, ensuring they are well covered with the marinade.
3. Cover the bowl with plastic wrap and refrigerate for at least 30 minutes, or up to 4 hours for a more intense flavor.

Marinating the chicken allows the herbs and spices to penetrate the meat, resulting in a more flavorful dish.

### Step 2: Preheat the Oven

Preheat your oven to 400°F (200°C). This temperature will help achieve a beautiful golden-brown crust on the chicken while keeping it juicy and tender inside.

### Step 3: Sear the Chicken

1. Heat a large oven-safe skillet over medium-high heat.
2. Once hot, place the marinated chicken thighs skin-side down in the skillet.
3. Sear for about 5-7 minutes until the skin is crispy and golden brown.
4. Flip the chicken over and cook for an additional 2-3 minutes.

Searing the chicken creates a flavorful crust and locks in moisture, enhancing the dish's overall taste.

## Step 4: Roast in the Oven

1. Transfer the skillet to the preheated oven.
2. Roast for 25-30 minutes, or until the internal temperature of the chicken reaches 165°F (74°C).
3. If desired, you can baste the chicken with the pan juices halfway through cooking to keep it moist.

Roasting allows the chicken to cook evenly, and the herbs will infuse throughout the meat.

## Step 5: Rest and Serve

1. Once cooked, remove the skillet from the oven and let the chicken rest for about 5 minutes. This will help the juices redistribute, ensuring a moist chicken.
2. Garnish with freshly chopped parsley before serving.

You can serve the Herbs de Provence chicken with a side of roasted vegetables, mashed potatoes, or a fresh salad for a complete meal.

To ensure your Herbs de Provence chicken turns out perfectly every time, consider the following tips:

- **Use quality herbs:** Fresh or high-quality dried herbs will make a significant difference in flavor.
