Overview of the Enrolled Agent Exam

The enrolled agent exam, officially known as the Special Enrollment Examination (SEE), is a comprehensive test administered by the IRS to certify tax professionals. Passing this exam grants the enrolled agent credential, allowing individuals to represent taxpayers before the IRS. The exam covers a broad scope of tax-related topics and requires in-depth knowledge of federal tax codes and procedures. Understanding the exam's format and content is vital for success.

Exam Structure and Sections

The SEE is divided into three distinct parts, each focusing on different aspects of taxation:

- **Part 1: Individuals** - Focuses on individual tax returns, including income, deductions, credits, and tax calculations.
- **Part 2: Businesses** - Covers taxation related to sole proprietorships, partnerships, corporations, and other business entities.
- **Part 3: Representation, Practices, and Procedures** - Addresses the ethical and procedural aspects of representing clients before the IRS.

Each part contains approximately 100 multiple-choice questions, and candidates can take the parts separately in any order. A comprehensive understanding of these sections is essential for exam success.
